| Chapter 1 Introduction | 1 |
| Implementation in the EU | 1 |
| Current perspectives on EU implementation | 4 |
| <i>Deficiency</i> | 4 |
| <i>Variation</i> | 5 |
| <i>National obstruction</i> | 6 |
| Towards factors explaining national policy implementation in the EU | 7 |
| <i>The nature of implementation</i> | 7 |
| <i>The integrative aspect of Kingdom</i> | 8 |
| The Factors | 9 |
| <i>Factor 1: the “big” political current</i> | 9 |
| <i>Factor 2: politicians</i> | 10 |
| <i>Factor 3: existing national policies</i> | 11 |
| Research questions | 11 |
| <i>Shortcomings in the knowledge of EU implementation</i> | 11 |
| <i>Research questions</i> | 12 |
| Research and choice of policies | 12 |
| Utility reform | 13 |
| Assessing EU utility reform: research set-up and practicalities | 15 |
| <i>Variables</i> | 15 |
| <i>Member-states</i> | 17 |
| <i>Utilities</i> | 18 |
| <i>Plan of the dissertation</i> | 18 |
| <i>Approach to research</i> | 19 |
| | |
| Chapter 2 Telecommunications reform | 20 |
| | |
| PART 1: NATIONAL AND EUROPEAN POLICY INITIATIVES | 21 |
| Early national initiatives | 21 |
| <i>The nature of early reform</i> | 24 |
| The European initiative | 25 |
| <i>The Green Paper</i> | 27 |
| <i>The legal framework</i> | 27 |
| <i>Directive 90/387/EEC and 95/62/EC</i> | 28 |
| <i>Reactions of the member states</i> | 30 |
| | |
| PART 2: ASSESSMENT OF THE EXTENT OF IMPLEMENTATION | 32 |

| | |
|--|-----|
| Variables and indicators | 32 |
| Limitations | 34 |
| Establishing regulatory renewal | 36 |
| <i>Implementation of core directives</i> | 36 |
| <i>Interconnection and special access regulation</i> | 38 |
| <i>Entry conditions</i> | 43 |
| <i>Pricing conditions for incumbent</i> | 46 |
| <i>Foreign ownership restrictions</i> | 48 |
| <i>Access to PSTN</i> | 49 |
| <i>Overview</i> | 51 |
| Establishing market renewal | 51 |
| <i>Privatisation of public utility company</i> | 51 |
| <i>Market renewal score</i> | 53 |
| <i>Overview</i> | 57 |
| Establishing efficiency and innovation | 57 |
| <i>Productivity</i> | 57 |
| <i>Innovation</i> | 59 |
| <i>Overview</i> | 61 |
| Establishing price development | 61 |
| <i>Local call charges</i> | 62 |
| <i>National call charges</i> | 65 |
| <i>Overview</i> | 66 |
| | |
| PART 3: FINDINGS ON THE EXTENT OF IMPLEMENTATION | 66 |
| | |
| Chapter 3 Broadcasting reform | 70 |
| Introduction | 70 |
| | |
| PART 1: NATIONAL AND EUROPEAN POLICY INITIATIVES | 71 |
| A "pseudo-utility" | 71 |
| Industrial development and early national policy initiatives | 76 |
| <i>The industry</i> | 76 |
| <i>National policies</i> | 78 |
| <i>The nature of early reform</i> | 85 |
| The EU involvement | 86 |
| <i>Reactions of the member-states</i> | 87 |
| The directives | 89 |
| | |
| PART 2: ASSESSMENT OF EXTENT OF IMPLEMENTATION | 91 |
| Limitation of scope and time frame | 91 |
| Variables and indicators | 91 |
| Regulatory renewal | 93 |
| <i>Implementation of core directive.</i> | 93 |
| <i>Cross-provision restrictions</i> | 96 |
| <i>Ownership restrictions on television services</i> | 97 |
| <i>Cross-media ownership restrictions</i> | 99 |
| <i>Foreign and EU member state investment restrictions</i> | 101 |
| <i>Public funding growth rate</i> | 102 |
| <i>Overview</i> | 104 |
| Market renewal | 104 |

| | |
|---|-----|
| <i>Market renewal score</i> | 104 |
| <i>Penetration of private viewable broadcasting channels</i> | 106 |
| <i>Overview</i> | 110 |
| Innovation | 110 |
| <i>Overview</i> | 112 |
| Price development | 112 |
| <i>Overview</i> | 114 |
| | |
| PART 3: FINDINGS ON THE EXTENT OF IMPLEMENTATION | 114 |
| The general picture | 114 |
| Appendix to Chapter 3: calculation of the broadcasting consumer price development | 117 |
| | |
| Chapter 4 Rail transport reform | 120 |
| | |
| PART 1: NATIONAL AND EUROPEAN POLICY INITIATIVES | 122 |
| Early initiatives | 122 |
| <i>The member-states</i> | 122 |
| <i>The nature of early reform</i> | 125 |
| The European initiatives | 126 |
| <i>Early measures</i> | 126 |
| <i>The problems to be overcome</i> | 127 |
| <i>Directive 91/440/EEC</i> | 129 |
| <i>Directive 95/18/EC</i> | 130 |
| <i>Directive 95/19/EC</i> | 130 |
| <i>Rail freight freeways</i> | 131 |
| <i>Reactions of the member states</i> | 131 |
| | |
| PART 2: ASSESSMENT OF THE EXTENT OF IMPLEMENTATION | 132 |
| Variables and indicators | 132 |
| Limitations and scope | 133 |
| Establishing regulatory renewal | 135 |
| <i>Implementation of core directives.</i> | 135 |
| <i>The disaggregating of railways</i> | 137 |
| <i>Organisation of railway allocation</i> | 140 |
| <i>Organisation of regulation.</i> | 141 |
| <i>Overview</i> | 142 |
| Establishing market renewal | 143 |
| <i>Market structure</i> | 143 |
| <i>Privatisation</i> | 145 |
| <i>Market power of incumbents</i> | 147 |
| <i>Overview</i> | 149 |
| Establishing efficiency and innovation | 150 |
| <i>Efficiency.</i> | 150 |
| <i>Innovation</i> | 151 |
| <i>Overview</i> | 155 |
| | |
| PART 3: FINDINGS ON IMPLEMENTATION IN RAIL TRANSPORT | 155 |
| The general picture | 155 |

| | |
|---|-----|
| Chapter 5 Electricity reform | 159 |
| PART 1: NATIONAL AND EUROPEAN POLICY INITIATIVES | 159 |
| National policies | 159 |
| <i>The nature of national, pre-community policy</i> | 164 |
| The European initiative | 165 |
| <i>The generation of electricity</i> | 168 |
| <i>The transmission of electricity</i> | 169 |
| <i>The distribution of electricity</i> | 169 |
| <i>Unbundling and transparency</i> | 170 |
| <i>Network access</i> | 170 |
| <i>Market conditions</i> | 171 |
| <i>Market opening</i> | 172 |
| Reactions of the member-states | 172 |
| PART 2: ASSESSMENT OF THE EXTENT OF IMPLEMENTATION | 175 |
| Variables and indicators | 175 |
| Establishing regulatory renewal | 178 |
| <i>Implementation of core directives</i> | 178 |
| <i>Organisation of regulation.</i> | 179 |
| <i>Unbundling</i> | 181 |
| <i>Minimum or maximum solutions</i> | 183 |
| <i>Overview</i> | 187 |
| Establishing market renewal | 187 |
| <i>Concentration</i> | 187 |
| <i>Real market opening.</i> | 188 |
| <i>Overview</i> | 190 |
| Establishing efficiency | 190 |
| <i>Overview</i> | 191 |
| Establishing price development | 191 |
| <i>Industrial prices</i> | 192 |
| <i>Small business prices</i> | 192 |
| <i>Consumer prices</i> | 193 |
| PART 3: FINDINGS ON THE EXTENT OF IMPLEMENTATION | 194 |
| The general picture | 194 |
| Chapter 6 Conclusion | 196 |
| Introduction | 196 |
| <i>The research questions</i> | 196 |
| <i>Plan of this chapter</i> | 196 |
| The average extent of implementation (question 1) | 197 |
| Variation in implementation records (question 2) | 198 |
| <i>Variation of the average extent of implementation</i> | 198 |
| <i>Beyond the average</i> | 199 |
| Explaining implementation in the member-states (question 3) | 200 |
| <i>Denmark</i> | 200 |
| <i>France</i> | 202 |

| | |
|---|-----|
| <i>Germany</i> | 204 |
| <i>Spain</i> | 206 |
| <i>The UK</i> | 207 |
| Common factors (question 3) | 208 |
| <i>Factor 1: the “big” political current</i> | 208 |
| <i>Factor 2: politicians</i> | 210 |
| <i>Factor 3: existing national policy</i> | 210 |
| Implementation in Europe | 212 |
| <i>Deficiency</i> | 212 |
| <i>Variation</i> | 213 |
| <i>The national polity</i> | 214 |
| <i>The nature of EU implementation</i> | 215 |
| | |
| Appendix: utilities and governments | 217 |
| Utilities and intervention | 217 |
| Universal service | 218 |
| General social and economic policy goals | 219 |
| Core problem: market failure and its implications | 220 |
| <i>Normal products</i> | 221 |
| <i>Network operators</i> | 223 |
| The utility problem | 225 |
| | |
